JLUG

The Jabalpur Linux User Group (JLUG), established on 7th September 2019, is JEC's leading technocultural society, fostering innovation, technology, and open-source development. Focused on knowledge sharing and hands-on learning, JLUG provides a platform for students to explore, experiment, and develop technical skills. It actively promotes collaborative learning, open-source contributions, and problem-solving. JLUG works with JECSE (JEC Student Committee) and JECAA (JEC Alumni Association) to enhance student engagement and career growth.

JLUG is committed to learning by doing. It has organized TEDx JEC, publishes The JecX Times newsletter and Alma Matters, and conducts workshops on Linux, AutoCAD, WordPress, Web Development, and Robotics, offering valuable certifications. With strong alumni connections for mentorship and career guidance, JLUG bridges the gap between academics and real-world applications, making it the perfect space to learn, innovate, and grow!

About

Code-Kumbh

Create. Collaborate. Cultivate.

Code-Kumbh is a one-of-a-kind 24-hour hackathon organized by JLUG JEC, bringing together the brightest minds to solve real-world challenges through technology. This event provides students with an opportunity to test their problem-solving, coding, and collaboration skills while developing impactful software solutions.

For 24 hours, teams will push their limits, innovate, and build solutions that make a difference. More than just a competition, Code-Kumbh is a test of endurance, skill, and creativity, offering an engaging experience filled with quizzes, games, and networking opportunities.

- Date & Time: 20th Feb (10:00 AM) – 21st Feb (10:00 AM)
- Venue: Jashan Hall, Jabalpur Engineering College, Gokalpur, JBP
- Mode & Track: Offline | Software Development
- Team Guidelines
- Team Size: 4-5 members (At least one female member is mandatory)

Code-Kumbh is more than just a hackathon—it is a platform to ideate, prototype, and transform ideas into reality. Participants will experience collaborative learning, hands-on coding, and high-energy competition while working towards innovative solutions that redefine the college experience.

Do not miss this chance to ideate, prototype, and build modern solutions.

Participation Details

Team Size:

4-5 Members (1 girl mandatory)

Eligibility criteria:

Inclusive to JEC

(Everyone from freshers to freshmen)

Why Participate?

Bring your ideas to life, push your coding limits, and compete with the brightest minds on campus. Once a kind in JEC!

Facilities

State-of-the-Art Venue

Air-conditioned technical facility to ensure a seamless coding experience.

Fun & Engagement

Participate in quizzes, games, and puzzles to keep the hackathon spirit alive.

Food & Beverages

Stay energized with delicious meals, snacks, and drinks.

Rest & Recharge

A comfortable space to relax, brainstorm, and deliver your best work

Medical support and Security assistance

Ready medical support for emergencies and security services for participants.

Perks

Network Like a Pro!

This isn't just a hackathon—it's your gateway to connecting with tech enthusiasts, seniors, industry mentors, and fellow innovators. !

Earn More Than Just Experience!

Every participant will receive a certificate of participation from JLUG, JEC, adding value to your portfolio.

Win Big !

Compete for exciting pool prizes and endorsements through college media..

Registration Details

Registration fees

Rs.300 per team + dinner charges

Registration through:

The website

Deadline to Register:

14th Feb, 2025 to 18th Feb 2025

Requirements:

You are needed to provide the details regarding Team Name, Team Leader and Members along with college IDs.
